

NAMI Yolo (www.namiyolo.org) is a nonprofit grassroots program of education, advocacy and support dedicated to improving the lives of people with psychiatric brain disorders, including clinical depression, bipolar disorder, and schizophrenia. NAMI's philosophy is to view the family in its entirety. Thus persons challenged by psychiatric disorders are also an essential part of our organization. We advocate, educate and learn together. Your membership and gifts support NAMI Yolo programs including our Helpline, the free Family to Family and BASICS education classes, Peer to Peer Recovery Education Program, monthly support groups, holiday events, and other special programs. Membership also brings you subscriptions to the NAMI Yolo E-newsletter, the NAMI National Advocate, and the NAMI California newsletter. A portion of your NAMI Yolo dues goes to NAMI National and NAMI California to support their programs.

Why should I renew my membership?

When you join NAMI, you don't stand alone.

You become part of a network that provides invaluable information and mutual support to those in need. You join thousands of Americans in fighting for hope and recovery—people who understand the realities of mental illness and its challenges. Your membership helps ensure that life-saving information, support and education are available for the millions of Americans who need NAMI.

MEMBERSHIP DUES

- General \$35
