

*Children's Mental Health*

# SPRING ADVOCACY DAY

# MONDAY, MAY 1

*@ the Capitol Building*

**1315 10th Street, Sacramento, California 95814**

---

Please join us for a day of advocacy for children's mental health at the state capitol. This is a chance to join other enthusiastic people to discuss important issues with legislators and their staff. This is a great opportunity to combine your voice with the voices of people from other organizations to support common legislative goals.

We will begin in the morning around 10:00 and end in the late afternoon. Lunch will be provided. Watch for the agenda to arrive shortly.
